Business Analyst | Digital & Process Transformation | Agile Delivery

+64 27 777 4400 | farukahmed261991@gmail.com | linkedin.com/in/faruk-ahmed-bd | farukahmed-nz.github.io

PROFESSIONAL SUMMARY

Results-driven Business Analyst with 7+ years of dedicated BA experience and 14+ years across CRM transformation, digital platform delivery, and customer experience strategy. Consistently translates complex stakeholder needs into sprint-ready user stories, BRDs, and functional specifications that move teams from discovery to delivery. Reduced system incidents by 50%, led a CRM project that reduces 60% process steps, and saved 5 million BDT yearly while implementing a customer complaint management tool. Comfortable navigating Agile, Scrum, and hybrid environments, and known for building trusted relationships across business and technology teams to deliver outcomes

CORE COMPETENCIES

Requirements Elicitation & BRD/FRD	User Stories & Acceptance Criteria	End-to-End UAT Coordination	Business Process & Value Stream Mapping
Agile / Scrum & Hybrid Delivery	Stakeholder Facilitation & Workshops	Digital & Process Transformation	Data Analysis, KPIs & Continuous Improvement

PROFESSIONAL EXPERIENCE

Business Analyst Dec 2025 – Present

WeSmile Ltd. | Auckland, New Zealand

- Conducted end-to-end business analysis for the MyUniClub platform, including requirements elicitation, process mapping, and gap analysis aligned with customer and business objectives.
- Designed and implemented a task management system for a team of more than 15 members, improving prioritisation of high-impact work and overall delivery efficiency.
- Identified three key monetisation opportunities, including subscriptions, event promotion, and partnerships, contributing to the development of a structured revenue model.
- Led the analysis and redesign of the MyUniClub website, improving user journeys and content structure, targeting a 20 to 25 % increase in user engagement.

Project Coordinator & Business Analyst Dec 2023 – Oct 2024

Studio Dev Hub | Dhaka, Bangladesh

- Reduced product release timelines from 10 weeks to 7 weeks, a 30 % reduction in delivery time.
- Improved team utilisation from 70 % to 82 % by optimising resource coordination across projects.
- Reduced post-launch defects from 12 to 7 per project, representing a 42 % reduction through improved testing coordination and early validation.

Customer System Management & Project Specialist May 2020 – Oct 2023

Grameenphone Ltd. (Telenor Group) | Dhaka, Bangladesh

- Reduced customer-facing system incidents from 82 to 41 over two years, achieving an overall 50% reduction by strengthening monitoring and vendor coordination.

- Conducted current-state and future-state customer journey analysis, identifying friction points and designing system changes that improved self-service adoption from 55% to 80% across 80M+ customer base.
- Managed SLA compliance and vendor performance reporting across 3 major technology vendors and 2 call centre partners, reducing downtime by 67% (9 hrs to 3 hrs/month).

Business System Analyst

Nov 2017 – Apr 2020

Grameenphone Ltd. (Telenor Group) | Dhaka, Bangladesh

- Led “Role Based Access Control” implementation for 3,000+ users, achieving 100% access compliance
- Delivered CRM 360° platform replacing 9 legacy systems, reduced service steps from 10 to 4 (60%), and generated NZD 30K (approximately) annual savings.
- Led 'Zero Defect' quality initiative, applying rigorous traceability discipline to achieve maximum system uptime and measurable improvement in service reliability.

Senior Executive

Mar 2013 – Oct 2017

Grameenphone Ltd. (Telenor Group) | Dhaka, Bangladesh

- Monitored high-volume customer systems handling over 100,000 daily interactions, reducing alert response time from 15 minutes to 8 minutes.
- Improved SLA adherence from 85 % to 93 % through proactive coordination across teams.
- Delivered system training and enabled 470 plus agents for service.

KEY ACHIEVEMENTS

- **CRM 360:** Led full BA lifecycle, replacing 9 legacy systems for an 80M+ customer. Prepared BRDs, conducted UAT, and end-user training with 98% on-time task completion and ~NZD 30K annual savings.
- **Self-Service Uplift:** Improved digital self-service adoption from 55% to 80% through As-Is/To-Be journey analysis, functional requirement redesign, and structured implementation support.
- **Role-Based Access Control Implementation:** Reduced provisioning time 80% and achieved 100% compliance for 3,000+ users, with zero post-implementation unauthorised access incidents.
- **System Reliability:** Achieved 50% reduction in customer-facing incidents through UAT rigour, SLA management, root cause analysis, and continuous improvement across complex enterprise environments.

EDUCATION

Master of Business Administration (MBA) - Global Business

Oct 2024 – Oct 2025

Massey University, Auckland | Completed with Merit Distinction

LEADERSHIP & COMMUNITY

President - Bangladeshi Student Association, Massey University, Auckland (BSAMUA)

Mar 2025 – Present

- Grew membership from 6 to 85 plus active members (1,300% growth).
- Led 4 plus large-scale community events attracting 100-200 attendees.
- Managed cross-functional volunteer committee of 8-12 members, delivering on-time, high-quality outcomes
